

Deloitte.
Technology Fast 50

2005 Ranking.

Deloitte refers to one or more of Deloitte Touche Tohmatsu, a Swiss Verein, its member firms, and their respective subsidiaries and affiliates. Deloitte Touche Tohmatsu is an organization of member firms around the world devoted to excellence in providing professional services and advice, focused on client service through a global strategy executed locally in nearly 150 countries. With access to the deep intellectual capital of 120,000 people worldwide, Deloitte delivers services in four professional areas - audit, tax, consulting, and financial advisory services - and serves more than one-half of the world's largest companies, as well as large national enterprises, public institutions, locally important clients, and successful, fast-growing global growth companies. Services are not provided by the Deloitte Touche Tohmatsu Verein, and, for regulatory and other reasons, certain member firms do not provide services in all four professional areas.

As a Swiss Verein (association), neither Deloitte Touche Tohmatsu nor any of its member firms has any liability for each other's acts or omissions. Each of the member firms is a separate and independent legal entity operating under the names "Deloitte," "Deloitte & Touche," "Deloitte Touche Tohmatsu," or other related names.

Deloitte & Touche DA is the Norwegian member firm of Deloitte Touche Tohmatsu. In Norway, services are provided by the subsidiaries and affiliates of Deloitte & Touche DA (Deloitte Statsautoriserte Revisorer AS, Deloitte Consulting AS, Deloitte Advokatfirma DA and its subsidiary), and not by Deloitte & Touche DA.

Deloitte Touche Tohmatsu

Congratulations to all the companies that made it onto this year's list!

The Norwegian Deloitte Technology Fast 50 is a prestigious annual award honoring the 50 fastest growing technology companies, based on percentage revenue growth over a five-year period.

Winners of this award vary from size to sector; they include large and small, public and private companies, from all technology industry segments including software, hardware, communications, wireless, and life sciences.

The Deloitte Technology Fast 50 program began in the United States in 1995. Entering its 9th year, the program continues to gain recognition globally.

The winners of the Norwegian Deloitte Fast 50 will go on to compete in the Deloitte European Fast 500.
